

KIERAN JOHNSON

RMIT University — Bachelor of Professional Communications (PR & Advertising; Marketing Minor)
St Kilda, Melbourne VIC | +61 472 911 779 | kieranjohnson262@gmail.com | kieranjohnson.vercel.app

RMIT Public Relations and Advertising student who pairs creative, audience-first thinking with a strong interest in the data behind what actually works. Four years of retail experience has sharpened clear communication, calm problem-solving under pressure, and a proven ability to earn trust and take the lead when it matters — skills I'm looking to bring to real client and stakeholder work.

EDUCATION

Bachelor of Professional Communications

RMIT University, Melbourne — Double major: Public Relations & Advertising | Minor: Marketing | 2025 – Expected 2027

SELECTED PR & ADVERTISING PROJECTS

End Gambling Ads — PR Strategic Analysis — Individual, High Distinction

Authored a strategic case study analysing an advocacy group's anti-gambling-advertising campaign across issue management, stakeholder relations and message framing, and developed two original recommendations to strengthen real-world campaign impact.

Hidden Bites and Secret Sips — Melbourne Food & Wine Festival Media Strategy — Group, High Distinction

Co-developed a festival revitalisation concept and media strategy, including a press release, media alert and partnership concepts, and was one of three team members who pitched and defended the strategy live in a simulated press conference.

Reducing Youth Helmet Non-Compliance — Victoria Police Industry Report — Group, High Distinction + Certificate of Appreciation, Victoria Police

Co-led qualitative research, including semi-structured interviews and thematic analysis, into why young e-scooter riders skip helmets, and recommended an influencer-led safety campaign plus mandatory point-of-sale safety briefings.

SummitSignal — AI-Powered Market Intelligence Platform, Independent Project (Live in Beta)

Built out of an interest in how media coverage shapes and shifts consumer narratives, and focused on a niche I already know from my current retail role. Uses AI to track social and media chatter around outdoor brands, then synthesises that raw data into critical market insight. Built as a functional tool that marketing professionals can use.

PROFESSIONAL EXPERIENCE

Macpac — Casual Retail Team Member (Key Holder & Person-in-Charge)

Canberra, ACT (Jun 2022 – Feb 2025) → Melbourne Central, VIC (Feb 2025 – Present)

- Progressed from casual sales assistant to Key Holder and one of the store's most trusted staff, by maintaining four years of continuous employment across two store locations.
- Helped train the store's entire opening team as the only staff member with prior Macpac experience and have continued to assist in product training for every new hire since.
- Helped launch Macpac's new Melbourne Central store and assisted running it without a manager for the first two months, by transferring interstate as the only team member with prior brand and product experience.
- Ran full-day store operations independently as Key Holder and Person-in-Charge, including cash handling, banking and opening/closing procedures.
- Resolved escalated customer complaints and shoplifting incidents calmly and professionally, earning customer reviews that specifically praised helpfulness and product expertise.
